Ogilvie's and Qu'Appelle

ats, Feed Wheat, Chopped Grain, Bran & Shorts.

Have also received a Car Load of SALT for  
Drain and Stock

E. A. Baker & Co.

#### MORE BIG YIELDS.

"Mr. Jonas Smith's wheat yielded  
an average of 44½ bushels to the acre.  
The Smith brothers, on Mat. Evey's  
farm, had one of the heaviest crops in  
the district. They threshed 553 bushels  
of wheat out of 19 acres—a yield of  
55½ bushels to the acre."

The above clipping is from the Re-  
gina Leader and as our esteemed con-  
temporary vouches editorially for its  
truth—and the Leader never was  
known to lie—we must acknowledge  
that the Regina District is a wonder  
ful place. In the Moose Jaw district  
the farmers are satisfied with from 35  
to 40 bushels of clear No. 1 wheat per  
acre, that is, without chaff or dirt.  
Of course as Regina is the Capital we  
would naturally expect some "big  
yields." We are waiting to hear from  
Calgary.

#### THANKSGIVING DAY.

The Dominion of Canada, and es-  
pecially the Canadian North West,  
had a great deal to be thankful for  
on last Thursday and there is no reason  
for doubting that the observance of  
the day was genuine and sincere. From  
Atlantic to Pacific the harvest gather-  
ing has been beautiful—the most  
abundant during the past twenty years  
—while in the North West it has been  
simply wonderful. The country has  
taken a great step forward during the  
past year, and great as has been the  
progress it is but the earnest of better  
things to come. In past years the  
spirits of even the most sanguine were  
to a certain extent levelled down over  
the uncertain outlook for the future of  
our fair Dominion. At the present  
time we do not think that there are  
five millions of people in any other  
country in the world who are as happy,  
contented and prosperous as the peo-  
ple of Canada. There is little luxury but  
there is no pauperism. The develop-  
ment of the great natural resources of  
the country has got a good start, and  
promises in the future to astonish the  
world. The moral tone of the people  
is of a high standard. Religion, Law  
and Liberty, are the foundations in  
which the national institutions are be-  
ing built. Political corruption, which  
in the past has clogged the wheels of  
Canada's progress is being driven out  
and driven from its seat, by the moral  
instincts of the people. National re-  
generation, the hope of young Canada  
is making its influence felt among the  
politicians.

On Thanksgiving day 1891, Cana-  
dians may well be proud of "the land  
of every hand the plow, beloved by  
heaven, over all the world's best," and  
give thanks not only for the beautiful  
harvest but for the innumerable boon of  
Canadian citizenship.

#### RECONSTRUCTION OF THE CABINET.

Cabinet moving seems, since the  
prorogation of parliament, to be the  
principal occupation of the "special  
correspondents" at Ottawa. The latest  
draft sent out by these enterprising in-  
dividuals is as follows:—

Premier and President of Council,  
J. J. C. Abbott.  
Minister of Finance, G. E. Foster.  
Minister of Public Works, L. B.  
Angers.

Minister of Justice, Sir John  
Thompson.

Minister of Customs, Mackenzie  
Bowell.

Minister of Inland Revenue, J.  
Costigan.

Postmaster General, J. J. Haggart.  
Minister of Militia and Defence,  
Sir Adolphe Caron.

Minister of Interior, J. A. Chapleau.  
Minister of Railways, J. J. C. Ab-  
bott.

Solicitor General, W. R. Meredith.  
Minister of Agriculture, J. Carling.  
Secretary of State, J. A. O'Brien.

That the Cabinet will be re-con-  
structed at an early date is certain,  
after the promise made by the premier,  
soon after taking office, but the person-  
nel of it will not be known until official-  
ly announced. The correspondents'   
Cabinet, does not make any provision  
for the representation of the West on the  
Council board, and to this the western  
part of the Dominion will never submit.  
At least two of the Interior and  
Agriculture should be held by repre-  
sentatives west of Lake Superior. The  
Department of Interior has to do, al-  
most entirely, with affairs pertaining to  
western Canada, and requires a man at  
its head, who is thoroughly acquainted  
with the needs of the country. Mr.  
Dewdney has administered the affairs  
of the Interior Department, with abili-  
ty and general satisfaction to the people.  
Although not a brilliant debater, he is  
possessed of executive ability of a high  
order, and is well versed on questions  
affecting the western country. If he  
is to be left out of the reconstructed  
cabinet, it will cause general regret  
throughout the North West, and we  
must insist that his successor be chosen  
from the western representatives. The  
North West has suffered already too  
much from eastern ignorance and pre-  
judice, to submit to the appointment  
of a man to the position of Minister  
of Interior, who knows nothing at all  
of the requirements of the country,  
and whose past political record is not  
free from suspicion. There is plenty  
of material out of which a creditable

Minister could be made, among the  
western members.

The Department of Agriculture  
should also have a western man at its  
head. The management of Immigra-  
tion affairs comes under the control  
of this department, and only men who  
have lived in the country, studied its  
resources and seen for himself where  
the policy of the past has failed, can  
put life and energy into the work.  
Hon. Mr. Carling, has administered  
this department with ability and hon-  
esty so far as the management of the  
Experimental farms and assisting the  
farmers towards the higher science of  
Agriculture are concerned, but his  
immigration policy has not produced  
the looked for results. Premier Ab-  
bott may rest assured that in any re-  
construction of the Cabinet he may  
make, the people of Manitoba, the  
North West and British Columbia,  
will demand that these two important  
departments be placed under the con-  
trol of western men and also that the  
new cabinet, be composed of men, whose  
political record is clean. Pandering  
to the demands of eastern cliques or  
factions may bring temporary relief  
but it is certain to end in disaster for  
the party. With a reconstructed cabi-  
net of strong men, of which there is  
no dearth in the party, and with a  
vigorous trade policy the Conservative  
party may under the leadership of Mr.  
Abbott achieve as great triumphs as  
in the past. The present is a critical  
period in the history of the Conserva-  
tive party, and a false step may mean  
ruin. If Chapleau and his clique  
kick, let them go. Justice must be  
done to all parts of the country though  
the heavens fall.

#### PROPOSED FISHERY REGU- TATIONS.

The TIMES is in receipt of a letter  
from Hon. C. H. Tupper, Minister of  
Marine and Fisheries, enclosing a  
"Synopsis of the proposed fishery regu-  
lations for Manitoba and the North  
West Territories," with a request that  
we publish the same. The Minister  
also requests that they be read carefully  
by those interested and intimates  
suggestions as to any alterations or amend-  
ments which may be necessary. The  
following is the Synopsis in full.

1. License to be divided into two  
classes:—  
A "Commercial License" entitles  
a company or individuals fishing for  
trade and commerce to use tugs, boats  
etc., for the purpose of carrying on  
their operations in Lake Winnipeg only.

2. Each Tag shall be limited to 10,  
000 yards. All gill nets to be at  
least 5 inches extension measure.

3. The fee on each fishing Tag shall  
be \$20 with an additional \$2 for every  
1000 yards of net used. The fee on  
each fishing boat shall be \$10 to include  
3000 yards of net.

4. No Commercial License to a com-  
pany or to a trader shall exceed 40,000  
yards of net.

5. A "Domestic License" entitles  
farmers, settlers and bona fide local  
fishermen to fish with 300 yards of  
gill nets each, on payment of a fee of  
\$2. Whitefish nets must have meshes  
of 5 inches extension measure, for  
other fish, 4 inches. No net shall be  
set within a radius of half a mile from  
the mouth of any river or stream flow-  
ing into the lakes of Manitoba or the  
North West Territories.

6. A Sturgeon net license shall en-  
title the holder thereof to fish with  
300 yards of 12 inch gill nets, on pay-  
ment of a fee of \$2.

7. A Seine license shall entitle the  
holder thereof to use a seine not exceed-  
ing 56 yards in length, with meshes  
of 4 inches extension measure, on pay-  
ment of a fee of \$2.

8. Fishing with nets on other appar-  
atus is prohibited except under licenses.  
All fees payable in advance.

9. The close seasons for fish are as  
follows:—

White fish, Salmon, Trout and Tal-  
hee shall not be fished for, caught,  
killed, or had in possession between  
5th October and 30th November, both  
days inclusive.

Pickered (Dace) Gold Eyes, Pike and  
Muskellunge between 15th April and  
15th May.

Speckled Trout (Salvelinus fontinalis)  
between 15th September and 1st  
May.

Sturgeon between 15th May and  
15th July.

10. No fishing of any kind allowed  
from 6 p. m. Saturday to 6 a. m. Mon-  
day.

11. Commercial licenses will run  
from 1st May to 1st October, and  
Domestic licenses from 1st December  
to 4th October following.

12. The use of pound nets is pro-  
hibited except under special licenses.  
No Company to be allowed to fish more  
than four pound nets each, and none to  
use pound nets and gill nets at the  
same time.

The pots hearts and tunnels of pound  
nets to have meshes of 4½ inch exten-  
sion measure, and the leaders seven  
inches. Double-headed pound nets  
prohibited. License fee \$50.

In order to prevent the immense  
loss of fish in gill nets during stormy  
weather and their unfitness for market  
no Commercial licenses for gill net  
fishing in Lake Winnipeg shall be  
granted to companies or traders after  
the season of 1893.

13. The placing in the water of del-  
eterious substances, saw dust or mill  
rubbish, or the throwing overboard of  
fish offals is prohibited under a penalty  
of \$100.

14. The above regulations are bind-  
ing upon Indians and Half-breeds, as  
well as upon Whitesmen.

The Minister may, however, reserve  
for the exclusive use of Indians certain  
waters where they can fish under  
license, for their own use, but not for  
sale or barter.

15. The use of explosives for catch-  
ing or killing fish is prohibited, as well  
as spearing fish.

16. Parties found guilty of purchas-  
ing or having in possession fish caught  
by Indians within reserved waters, or  
during the close season shall, in addi-  
tion to the penalties provided by the  
fisheries act, be liable to a fine of \$1,  
for each fish so purchased.

17. The above regulations shall be  
printed on the back of each license  
issued.

18. When not inconsistent with the  
Fisheries Act, the Regulations shall  
supersede, and abolish all former fish-  
ery regulations relative to Manitoba  
and the North West Territories.

Ottawa, 28th October 1891.

#### THE MAYORALTY.

Considerable misapprehension seems  
to exist as to the object of the Mayor-  
alty contest started in last issue of the  
TIMES. For the benefit of those who  
are holding back their votes until they  
learn more about the scheme we can  
state that the TIMES has no candidate  
in view which it wishes to boom. Our  
object is simply to give the people an  
opportunity of expressing their opinion  
before nomination day. We have ar-  
ranged with Mr. W. R. Crosbie to  
open the envelopes each week and cer-  
tify to the report of the number of  
ballots sent in for each candidate, and  
can guarantee that everything will be  
faithfully carried out as stated. No  
ballots will be given out except those  
printed in regular issues of the TIMES  
but each person can vote as often as  
they have copies of the paper. The  
contest will continue until nomination  
day and to insure a count in the issue  
of the same week ballots must be in  
before Thursday evening at 6 o'clock.  
The following is the state of the poll  
up to this, Friday, morning:

T. R. Baker.....	4
C. A. Gass.....	12
J. Rutherford.....	12
W. Hannah.....	12
O. B. Eyles.....	1
R. Boque.....	1

One Vote is hereby cast for  
NAME  
as the most popular Candidate for Mayor  
of Moose Jaw for 1892.

#### THE TIMES GREAT - MAYORALTY - CONTEST.

WHOSE FAULT IS IT.

To the Editor of the TIMES.

Sir—You would confer a favor on  
the ratepayers, if you would enlighten  
them a little as to the danger of the  
School Board. With the exception  
of one or two meetings of that exclusive  
body, we have not seen for the past  
year, anything in the TIMES regarding  
them or their actions. Now who is to  
blame for this? Are their meetings  
held in some out of the way place with  
their secretaries impossible, or is the  
reporter too busy or too lazy to attend  
them? Not one ratepayer in two has  
the faintest idea of when their meet-  
ings are held or what transpires at  
them. We occasionally after long in-  
tervals see in your paper the doings of  
the town Council, and I cannot under-  
stand, why so many Pitts, Brights and  
Davies compose the School Board  
should not be noticed. Yours,  
RATEPAYER.

#### JACK THE RIPPER

To the Editor of the TIMES.

Dear Sir—Permit me to call the at-  
tention of our city fathers to the fact  
that since the departure of their be-  
loved Jonathan of herd law fame, two  
old blooded murders of "self sus-  
tainers" have been committed in the  
rear of and in close proximity to the  
Queens hotel and city drug store. Now  
if this kind of butchery is allowed to  
continue, when spring comes and the  
ground begins to thaw out the ad-  
fervum will be very affecting to the  
health as well as the nasal organs of  
the inhabitants; and it would be well  
for the chairmen of the health com-  
mittee, wherever he is, to get a move on.

CITIZEN.

#### PREPARING FOR THE CONTEST!

Scores of Applications  
Coming In!

ONLY THE LADIES OF CANADA  
CAN COMPLETE!

A SPECIAL FEATURE OF THE CON-  
TEST.

Our Canadian ladies are already pre-  
paring for the great Diamond Dye Com-  
petition; they are going into this work with a vim  
and energy which is truly surprising; and it  
is a well-known fact, that whenever the  
ladies enter upon any work in this way, it  
is always well done. Of course the great  
novelty of the work, and the wide field  
of operation opened up by this unique  
competition, will be the means of drawing in  
hundreds of anxious workers, who, under  
ordinary circumstances, would hesitate be-  
fore committing themselves to trouble and  
anxiety.

In this liberal and highly commendable  
contest inaugurated by the proprietors of  
Diamond Dye, the ladies have an agent to  
work with, which develops immense po-  
sibilities, and produces results which are  
pleasing to the eye. The great variety of  
work in the various classes open for com-  
petition does not by any means take in all  
that can be accomplished by the enterprising  
Diamond Dye. It is, however, in the well  
regulated, economical and happy home that  
Diamond Dye is justly appreciated, and  
considered to be indispensable for house-  
hold use. As soon as possible, the wife  
and mother thinks of the wearing ap-  
parel belonging to herself, husband and  
children, and realizes the importance of  
that which can be done for wear once more  
through the use of Diamond Dye. The  
materials stuff good, but perhaps a little  
color, and it may be faded with wear and  
exposure to sun, can all be re-dyed in some  
fashionable dark color, or made a lovely  
shade of blue, pink, or green. In some  
cases a lady remarked, "for a trifling  
outlay you can have the summer wardrobe  
of most girls still transformed into new  
and stylish articles for autumn and winter  
wear."

Already scores of wires and notes have  
sent in the necessary application form, im-  
timating their intention of competing in the  
great "Diamond Dye Competition" scheme.  
They know exactly the particular line of  
work they can excel in, and that the  
proposed competition scheme embraces in  
its simple scope just such work as they can  
best accomplish.

With the close of these wires ladies in the  
United States have written asking if they  
will be allowed to compete. We wish  
it understood that this "Diamond Dye Com-  
petition" is in the hands of Canada.  
However, we do not mind that our fair  
American cousins will, in due time, have a  
competition of the same kind presented to  
them.

A very special feature of this "Diamond  
Dye Competition" is the fact of its being  
free to all competitors. Notwithstanding  
the great expense of its inauguration, and  
multiplicity of extra help for the great  
conducting of the scheme, no fees are exacted  
from the ladies for the privilege of competing  
and all goods sent in for exhibition remain  
the property of the makers, and are re-  
turned free of charge to them. It will  
thus be seen that every possible aid is  
tended to the ladies to enable them to take  
large cash prizes without incurring any ex-  
pense.

The retail druggists of the Dominion, from  
Ottawa to Vancouver, highly commend the  
scheme, and predict an interesting and profitable  
time for the ladies. Hundreds of letters  
received from these druggists are full of  
assurances of kind support, and each drug-  
gist has determined to do what he can to en-  
courage the wives, mothers and daughters  
of his town to take as many prizes as pos-  
sible.

All who are not already supplied with  
"Competition Books," explaining the scheme  
should apply for the same to the Wells &  
Richardson Co., Montreal; they will be  
sent post free to any address.

LETTERS NOTE.

How many Canadians are acquainted  
with the names of the men who make their  
names? And yet there is no more im-  
portant and no more earnest and industrious  
body of men in the Dominion. Walter  
Blackburne, who served a long ap-  
prenticeship on the press of this country,  
will contribute an article. "The Journal-  
ists of Canada" to the NEW  
ENGLAND MAGAZINE for December  
which will contain portraits of all the men  
who have made and are making their mark  
in Canadian journalism. There will be no  
politics in the article, and no partisan  
Liberal and Independent alike should read  
it. It is the first time in the history of  
American periodical literature that an at-  
tempt has been made to give an accurate  
account of Canadian journalism. Mr. H. H.  
Hunt is admitted even by those who disapprove  
of his attitude in politics, to be at least, a  
perfectly sound writer, and in this article  
merely the abilities of the journalist (trans-  
lated) have been considered; friends and op-  
ponents have been judged as men, and from  
a literary standpoint only, without the  
least reference to their political affiliations.

The leading French Canadian journalists  
are included, with their English confeder-  
ates, and the article is presented in an in-  
teresting review of the methods of Canadian  
journalism. It is an article which should  
interest all who are interested in the  
history of the world in every morning's  
newspaper.

ACUTE'S ADVICE.—"My brother and I  
were summer campers a year ago, and  
no remedy seemed to relieve him. At  
last, my aunt advised us to try Fowler's  
Purifier of the Blood, and before he had  
taken one bottle he was entirely cured."  
—Atlanta Crittenden, Baldwin, Ont.

A social under the auspices of the  
Ladies Aid of Wesley Church, was  
held at the residence of Mrs. Benley,  
Marborough, on Tuesday evening.  
On account of the cold weather, very  
few people went out from town, but  
the attendance was large and a pleas-  
ant evening was spent. A good pro-  
gramme of speeches, music and recita-  
tions was given, and heartily ap-  
plauded. Mrs. Benley's socials are known  
all over the district as pleasant and en-  
joyable affairs, and this one fully sus-  
tained that reputation.
